(STATEMENT OF CLAIM (Continued))

I inmate Mr. Michael Hill, #289464, complain that on June 4, 2021, at approximately 10:41 p.m., while being escorted to housing Unit #5 by Security guard Raymond C. Wood, Sergeant Klemp, and other Security guards, I fell to the ground as a result of the force they were using while escorting me. And at that time each Security guard spontaneously began to continuously twist my wrists and arms upward, as well as squeeze my hands and the handcuffs tighter on my wrists to the point that it made me yell out in pain for them to please stop because it was really hurting my wrist, hands and arms... However, the named Security guards ignored my cries of pain and continuously and collectively kept on twisting my arms, wrists, and hands, and also squeezing tightly the handcuffs on my wrists so bad that it caused me to pass-out and my hands and wrists to swell-up. When I woke-up, I was in a cellroom and was being asked if I wanted the handcuffs removed from my wrists and/or hands. I screamed yes please remove the handcuffs. But, due to the fact that my wrists and hands swelled-up and it hurt so bad that I could not bare the pain when trying to remove the handcuffs from my wrists, the security guards had to leave them on for several more minutes, like 30 minutes more. The handcuffs were embeded so deep into my wrists that it caused nerve damage to my wrists, to the point that I had to seek medical attention. However no matter how many times I requested for proper medical treatment for my nerve damage injury to my wrists, hands and arms, and also the pain that I suffer from in my wrists, hands and arms, the prison's nurses and Doctors would not give it to me and this too contributed to my injuries. Therefore, I am also claiming that the manner in which nurse Holly, doctor * Khengar, nurse Jeffrey D. Clark, nurse Lisa Ivy, and other medical staff denied me adequate medical treatment violated my Eighth Amendment rights as well.

III. Injuries

If you sustained injuries related to the events alleged above, describe your injuries and state what medical treatment, if any, you required and did or did not receive.

(1). Nerve Damage to my hands, wrists and Arms; where I was only given a wrist tendon injury rehabilitation exercises; (2). Pyridoxine 100Mg, Prednisone, Ibuprofen 600Mg (3) Here at ACC Ibuprofen 800Mg, duloxetine 30Mg and referred for a Nerve Conduction Study after 11-15-21. This still hasn't happened. My Wrist, left hand, clear up to my finger tips still hurt as it did on June 4th 2021. I Was denied an MRI trying to find out exactly what's wrong.

IV. Relief

State briefly and precisely what you want the Court to do for you. Do not make legal arguments. Do not cite any cases or statutes. If you are requesting money damages, include the amounts of any actual damages and/or punitive damages you are claiming. Explain why you believe you are entitled to recover those damages.

Award compensatory damages of \$50,000 jointly and severally against each named defendant Security Staff for the physical abuse and pain and suffering they put me through. Award punitive damages of \$100,000 jointly and severally against the Security Staff and the named Medical Staff for the painful physical abuse of me, and for denying me adequate medical treatment for my stated injuries.
